quarter of the buildings in southern Lebanon were damaged or completely destroyed in the attacks launched by the Israeli occupation on Lebanon since last year, which increased in the recent period. (1)

Thousands of buildings in border villages were affected by the attacks against Lebanon, with at least 9 religious sites destroyed by controlled explosions.

At least 5,868 buildings in the border areas were damaged or destroyed in the attacks, and half of the buildings in the towns of Aita Al Shaab and Kfar Kila was severely damaged.

2

Lebanese Health Minister Firas Abyad reported that the Israeli aggression on Lebanon caused 8 hospitals to go out of service, while Lebanon recorded 172 medical staff have been martyred since the beginning of the Israeli aggression (2).

3

Lebanese public schools face complex challenges that threaten the stability of the educational process, with the continued repercussions of the Israeli war on Lebanon which caused a large displacement from the south to the central and northern region.

- Despite the efforts of the Ministry of Education and Higher Education in the caretaker government to overcome obstacles, the current security situation challenges the line and its preparations, which puts the Lebanese education sector in front of a worsening crisis, especially in the areas of confrontations, and with the continued massive displacement movement.

- The most prominent challenges facing the ministry of education are providing safe environment for students and educational staff, as some schools are still being used as shelters , In addition to the shortage of educational staff due to security issues.
